To Greater Heights...

PROSPECTUS

Traditional & Contemporary Education for our INDIA

PROGRESSIVE EDUCATION
FOR THE MODERN INDIAN

The Samsara Heritage

In the education system that brings its children upon 'rote and drill' routines, Samsara The World Academy comes as a breath of fresh air. Epitomizing the ideals of progressive education, Samsara The World Academy envisions a generation of young adults weaned on real-life experiences and activities that respect and encourage the creativity of the child.

Taking from a history of 37 years in education, Samsara The World Academy is associated with eight successfully running senior schools in Meerut. Incepted in 1982, Meerut Public School embodies the philosophy, with the vision of a value-based education that encourages children to be independent, thoughtful and socially responsible adults. With over 12,000 students and 500 staff members, academic excellence and outstanding achievements have become synonymous with our parent organization. Remarkable board results have taken our class 10 and 12 students into the category of the top scorers of the country.

Our emphasis on a well-rounded, firmly grounded education encourages a stellar performance among students in the arena of sports. National level players have emerged in basketball, badminton, volleyball, yoga, skating, table tennis, kho-kho, karate and taekwondo. Arts form the cornerstone of our curriculum. Theatre, debating, creative writing, dance and music are important focus in a student's school life, which encourage original thought process and creativity, whilst instilling discipline.

In the 37 years since the inception of the institution, its alumni have brought accolades for their alma mater and carved a niche in reputed universities and management institutes like the IIMs, IITs and NID. They have distinguished themselves in corporate and civil sectors, medical sciences, arts and in the armed forces.

As visionaries in education, The Samsara family wants to bring an unparalleled access to education and a commitment to excellence and progressive thought at Greater Noida.

OUR MAIN OBJECTIVE IS TO PROVIDE OUR FUTURE GLOBAL CITIZENS WITH AN ACCESSIBLE AND CONTEMPORARY EDUCATION THAT WILL TEACH THEM TO UNDERSTAND, RESPECT AND REVEL IN THE DIFFERENCES OF CULTURE, RELIGION AND NATIONALITY, AND THE MOST OF ALL SENSITIVE TO SOCIAL CAUSES.

A Vision That Shaped Generations
FOUNDER'S MESSAGE

यद्यदाचरति श्रेष्ठस्तत्तदेवेतरो जनः।
स यत्प्रमाणं कुरुते लोकस्तदनुवर्तते।।

This powerful verse from the Bhagavad Gita captures the true essence of visionary leadership. It reminds us that great leaders do not merely manage — they inspire through their actions and set standards that others naturally follow. True visionaries lead by example, creating a ripple effect that shapes entire generations.

The MPS Group stands as a living testimony to this timeless principle. Under the visionary leadership of Late Shri Tarachand Shastri ji and Mrs. Kusum Shastri, the journey began with a bold, far-sighted dream – to transform the educational landscape through quality, values, and excellence. Their leadership was never limited by present circumstances. Instead, it was defined by extraordinary foresight, courage, and an unshakable belief in the power of education to uplift society.

In 1982, from humble beginnings in Meerut, Shri Tarachand Shastri ji planted a single seed with a clear and expansive vision — to create institutions that would serve every section of society and nurture future-ready leaders. Guided by deep conviction and nurtured with dedication, that vision steadily unfolded. What started as one school evolved into a thriving educational legacy of seven schools in Meerut and one in Greater Noida.

At every stage, their visionary approach turned challenges into opportunities and limitations into possibilities. They didn't just build schools — they crafted an ecosystem where knowledge, character, and innovation flourish together. Ms. Kusum Shastri continues to steer this vision with the same passion, clarity, and dynamism. Her leadership is rooted in the profound belief that every child carries immense hidden potential. Under her guidance, MPS Group has become a beacon of progressive education — seamlessly blending tradition with modernity, discipline with creativity, and academic rigor with holistic development.

Today, the impact of their visionary leadership is visible in thousands of empowered lives. It shines through every successful student, every empowered educator, and every individual who found purpose and dignity within the MPS ecosystem. Their example continues to inspire not just those within the institutions, but the wider community — exactly as the Gita verse proclaims.

As the MPS Group completes over four decades of excellence, it celebrates a remarkable journey of visionary leadership, relentless dedication, and transformative impact. The dream that began four decades ago continues to soar "To Greater Heights," shaping generations and leaving an enduring legacy of excellence.

LATE SHRI TARA CHAND SHASTRI SIR
FOUNDER CHAIRMAN

MRS. KUSUM SHASTRI MA'AM
PRESIDENT AND CO-FOUNDER

FROM THE MANAGEMENT'S DESK

"What you leave as a legacy is not what is etched in stone monuments, but what is woven into the lives of others."

As proud torchbearers of the extraordinary vision set by our revered Founder Chairman, Late Shri Tarachand Shastri ji, and President & Co-Founder, Mrs. Kusum Shastri, we are deeply committed to carrying their dream forward with renewed energy, clarity, and purpose.

We stand on the strong foundation they built, not merely to preserve the past, but to actively expand and elevate it for future generations. Their vision of quality, value-based education continues to guide every decision we make as we embrace innovation and prepare our students for a rapidly changing world.

In alignment with the National Curriculum Framework (NCF), we have introduced progressive reforms that mark a significant shift in teaching and learning. Moving away from rote memorization, our focus is now firmly on student-centric, experiential learning that ignites curiosity, nurtures creativity, and develops critical thinking and problem-solving skills. Classrooms are transforming into dynamic spaces of exploration, dialogue, and discovery, where students are encouraged to question, apply, and create — empowering them to become independent thinkers and confident leaders.

We are also investing significantly in modern infrastructure and facilities to provide a safe, stimulating, and future-ready environment. The addition of synthetic basketball courts, archery ranges, badminton courts, and enhanced sports facilities across our campuses reflect our commitment to holistic development and the nurturing of sporting talent alongside academic excellence.

As we carry the vision forward, we continue to introduce new ideas and initiatives that blend tradition with modernity. The establishment of advanced STEM laboratories, alongside technology-enabled learning, skill development programs, and innovative pedagogical practices, empower students to explore scientific concepts through hands-on experimentation, critical inquiry, and real-world problem-solving — equipping them with both deep roots and strong wings for the future.

At the heart of this journey remains our strong partnership with parents, educators, and the wider community. We believe education is a collaborative endeavor built on trust, open communication, and shared responsibility.

While we enthusiastically embrace change and innovation, we remain firmly anchored in the timeless values of discipline, integrity, respect, and compassion — the very foundation laid by our founders.

With deep gratitude for the legacy we have inherited and great excitement for the future we are shaping, we move forward with purpose and optimism. The journey continues — stronger, brighter, and more purposeful than ever — as we lead all MPS institutions To Greater Heights.

MRS KETIKI SINGH SHASTRI
VICE PRESIDENT

MR VIKRAM JEET SINGH SHASTRI
MANAGING DIRECTOR

PRINCIPAL'S MESSAGE

"When education understands the mind, it transforms the future."

It is with great pride and a profound sense of responsibility that I pen my first message as the Principal of Samsara- The World Academy. Stepping into this role fills me with immense enthusiasm as I lead our institution toward new horizons of excellence and progress. I firmly believe that true education must nurture more than just the intellect; it must cultivate emotional well-being, creativity, and strength of character.

While I join Samsara- The World Academy with a fresh mindset, our journey is anchored in the rich legacy of the Meerut Public School Group, established in 1982 under the visionary leadership of Late Shri Tarachand Shastri Ji and Smt. Kusum Shastri Ji. We continue to carry forward a vision rooted in understanding, empathy, and progressive leadership and draw inspiration from the timeless values espoused by our founders.

Our mission remains clear: to provide a holistic education by strengthening learning through inquiry, exploration, and experiential practices while blending traditional wisdom with modern pedagogy to foster a global outlook.

In today's dynamic world, education must evolve beyond conventional boundaries. I am committed to elevating our institution by integrating innovative teaching practices, modern infrastructure, and comprehensive skill development programmes. Our collective endeavour will be to create an environment that fosters academic brilliance, moral values, and holistic growth, preparing our students to confidently face the challenges of the future.

As we move forward, we are actively embracing EdTech initiatives through smart classrooms, digital content, and AI-based integration in learning and assessment. Our commitment to efficiency is further strengthened by our dynamic team which fosters meaningful engagement among teachers, students, and parents through measurable goal-oriented approach. As always, at Samsara, our focus on scholastic, co-scholastic, and sports activities is carefully planned and monitored through measurable parameters. From our Senior Secondary cohorts to our Primary Wing, we are dedicated to facilitate every student improve their Academic Performance Index and realize their full potential.

Our teachers are the true architects of our students' futures, bringing passion and innovation to their noble profession. At the same time, the unwavering support and active participation of our parents play a vital role in our journey. Together, we will nurture and empower the next generation, ensuring that they become resilient, responsible and value-driven citizens. As we embark on this exciting new chapter, I am confident that with our collective effort, we will achieve remarkable milestones and script a glorious success story for our school.

DR. SHALINI PRASAD

PRINCIPAL

DELIVERING RESULTS

Samsara The World Academy is a progressive and ideologically sound institution, designed to provide children with a holistic learning experience and prepare them for a brighter future.

OUR VISION

"Setting a Strong Foundation in Education and Indian Values for the Future Generations."

Guided by this vision, the school strives to nurture young minds through holistic education, character building, and a deep respect for India's rich cultural heritage, empowering students to become responsible, compassionate, and confident global citizens

OUR MISSION

Our mission thus, is to make Samsara The World Academy a space for integrally progressive education.

At Samsara The World Academy, our mission is to strengthen Learning by Inquiry, Exploration, and Experience. Embrace Fusion of Old with New in Pedagogy, Empower Teachers and Students to Develop a World View. Contribute to Society's Upliftment and Country's Growth by Nurturing the Citizens of Tomorrow with Values of Selfless Hard Work, Righteous Conduct and Dedication.

SAMSARA CREATIVE ARTS

MUSIC

As essential soul food, music must be an integral part of every child's life. Here, the students are sensitized and introduced to every school of musical thought, across genres — whether western or eastern, instrumental or vocal, classical or contemporary.

ART & CRAFT

Children are encouraged to see arts and craft not as 'tasks to be completed', but as activities of creativity and consciousness for the environment.
We believe in recycling and reusing all our resources. Art and craft compliments academic schedules and routines.

ORIGAMI

This ancient Japanese art is incorporated along with the children's exposure to other art forms. This exercise initiates the child into experimenting and exploring the dynamics of paper art from a young age.

KITCHEN BASED ACTIVITIES

Through this experiential learning, children learn lessons independently. With cooking lessons, we aim to equip children with basic culinary skills needed at home. (All safety precautions are observed minutely to ensure that the child is safe at all times.)

STORY TELLING

The Story-telling sessions are held regularly and are not restricted to just classes, but also take place in the library and open arenas. The stories are absorbed through art and craft, conversation, drama, acting and songs. Through stories we inculcate in children good habits, values, good eating habits, health and hygiene, good conduct and knowledge. And above all vivid imagination. The classrooms, library and open arena provide a wide variety of books for children and parents to read and take home. Puppetry and costumes to enact stories both traditional and from immediate surroundings, form a part of our story telling lexicon.

CLAY & POTTERY

This is a medium, again used to explore the multi-facets of a child's creativity.
An exercise, not dictated by learning outcomes, but by the experience of creation, and the tactile pleasure of molding a material that simultaneously calms and stimulates the child's inspirations.

DANCE & CREATIVE MOVEMENT

Incorporating both eastern and western sensibilities, emphasis are on regular dance routines and experimentation, where children are initiated into classical and contemporary music and rhythm.

S.T.E.M. LAB

The S.T.E.M. Lab provides a student-centred learning environment where learners explore, design, and innovate independently as well as collaboratively. Equipped with sensors, robotics kits, coding platforms, simulations, and data-logging devices, the lab fosters creativity, critical thinking, problem-solving, and hands-on learning, preparing students with the skills needed for the future

SAMSARA PHYSICAL EDUCATION

SYNTHETIC BASKETBALL COURT

Our 6-layered synthetic basketball court is, built to international (Olympic/FIBA) specifications, provides a safe, durable, and high-performance playing surface with excellent grip, shock absorption, and ball bounce—helping students train, compete, and excel in the sport.

YOGA

Developing the mind, body and spirit in-tandem is an integral part of a child's evolution. Therefore, yoga is being incorporated into the daily curriculum of the school, along with the education of the yoga theory to facilitate the process.

TRACK & FIELD

The sports programme at Samsara The world Academy includes athletic activities based on running, jumping and throwing, performed on grass & concrete tracks especially designed for students. This strengthens the overall stamina in a child, enabling them for better performances and coping with a competitive environments.

SKATING

Skating is an amazing form of self expression. Samsarians have got this privileged of self expression during their skating classes. Many of the national level skaters have been accoladed and figured out till now and laureled for their flair.

KARATE

Learning and training in Karate at our school help the child not only to defend him/herself but also prepares the child to face the future with confidence. Our karate classes assimilate many other qualities in our children such as self discipline, control and patience, sharpening memory, physical fitness and coordination of the mind and body.

ENVIRONMENTAL EDUCATION

Nature is what builds a healthy and happy life; and thus is quintessential in living up an active lifestyle. Extreme emphasis is laid on instilling in children's mind a spirit of enquiry, awareness, responsibility and consciousness towards the environment. This is facilitated through many workshops, outdoor sessions and experiences from nature walk, planting small garden beds.

TO GREATER HEIGHTS

As per the new school education system of 5 + 3 + 3 + 4 outlined in NEP 2020, children will spend five years in the foundational stage, 3 years in the preparatory stage, 3 years in the middle stage and 4 years in the secondary stage.

THE FOUNDATIONAL STAGE

The foundational stage envisions an integrated approach for the first 5years of the school life that is aged 3-8 years.

This includes 3 years of Nursery, LKG, UKG and 2 years of class I and II.

It aims at the holistic development of a child through direct experiences and interactions to ensure growth and development of every student as a global citizen.

We ensure a student friendly, stimulating, enriching and intellectually challenging learning environment for students. The school trains the future generations to face challenging situations to develop the value of self discipline and a sense of responsibility. It also creates an atmosphere to enable the child to form concepts related to the world around them.

Foundation of this programme is based on the principles of progressive education that is led by a curriculum of art, yoga, story telling, music and movement.

The base of this stage is child led thus awakening the child's natural instinct for learning.

The emphasis on learning to attain optimum outcome in the development of communication, language, literacy and numeracy through play, activity and inquiry based learning.

QUAINT STORY AND ART SPACES ARE CREATED TO MAKE THE EARLY YEARS A PIVOTAL FOUNDATION OF OUR CURRICULUM OF SUPPORT, LOVE AND UNDERSTANDING AROUND EACH CHILD'S INDIVIDUAL NEEDS.

THE PREPARATORY STAGE

The Preparatory Stage houses Class Three, Four and Five.

In these formative years, Junior School plays an important role in a student's life. Samsara's Junior School represents a promise to deliver quality education that emphasizes the inculcation of a deep-rooted value system. Our educational processes are aimed at empowering the child's intellect and simultaneously supporting their emotional, moral and physical well-being.

We believe in the unique, individual talents of each child and follow an instructional strategy that compliments every child's different learning style. This multi-layered process of integrating and merging curriculum boundaries is the way of Samsara-The World Academy linking a child's learning with real life situations and experiences.

We have developed a new, theme-based, project supported curriculum that ensures multi-dimensional learning for every child and allows us to bring forward latent talent and shape creative thinking.

Students learn in multiple ways, like reading, exploring, observing and experimenting with ideas. While textbooks and curriculum goals are extremely relevant in establishing a firm scholastic foundation, it is the interdisciplinary connections that form a holistic education. This process is encouraged by a set of teachers trained for interdisciplinary subject linkages.

The junior school also functions as a community hub for film viewing, theater, music, open house days, student day out activities, and environment and heritage programs. We look forward to creating a school with a clear focus on growth in all aspects of living.

An integral yoga and meditation centre for children, parents, and teachers creates a space with a serene and calm ambience to inculcate inner quietude as a life long habit.

STRONG EMPHASIS IS LAID ON THE OVERALL ASPECTS OF PHYSICAL AND COGNITIVE LEARNING EXPERIENCES WITH INBUILT RESOURCES FOR ALL ACTIVITIES, INCLUDING:

A LIBRARY
AN ART CORRIDOR
AUDIO VISUAL ROOM
COMPUTER LAB
SCIENCE LABS
YOGA + MEDITATION ROOM
MEDICAL ROOM
TRANSPORTATION
OUTDOOR SPORTS FIELD
HERB GARDEN
NATURE WALK PATHWAYS

MIDDLE SCHOOL

Classes Sixth, Seventh and Eighth

Our team of steadfast and true-blue educators precisely storify the mainstay of Middle School. Our faculty members are committed to stimulate individual growth in every child homed by Samsara, through academics and character building programmes, empowering them to build and live in educative, healthy and culturally enriched societies.

Middle school is the hub for both indoor and outdoor explorations, discussions and deliberations, as well as project work for community and personal development.

Our curriculum in totality opens our Samsara students to a world of endless possibilities following the guidelines of NEP 2020. We depend on the child's inner curiosity and ability to transcend both physical and mental barriers as an integral approach to learning.

Field trips, excursions, student exchange programmes and community appropriate social work allow young students to explore the real world. Our integrated syllabus also encourages children to explore their individual needs and group expectations.

We hope to create a platform for synchronous and collaborative learning.

As we hope to create a platform for synchronized collaborative learning, information and communication technologies are used extensively. Starting at Middle School, classrooms encourage interaction and co-operation among students, parents and teachers.

We encourage the transmission of the basic skills and concepts, so multimedia computer softwares that lay the foundations for evolved thinking skills and creativity, are facilitated through our available information and communication technologies.

The initial selection of books, textbooks and reading material for students is based on a thorough selection of age appropriate curriculum interventions.

In-house books and journals are created every year to document the journeys that take place at Samsara.

Physical education is provided to all the students irrespective of their genders, it gives an exposure to both individuals. Sports coaching is an important part of our curriculum which encourages them to adopt and maintain healthy active life style.

SENIOR SCHOOL

Affiliated with the C.B.S.E. for Classes Nine, Ten, Eleven and Twelve.

The cornerstone of our belief system is that each child must develop an innate understanding and appreciation of her/his abilities, yet be humble about their existence. Samsara The World Academy, in the initial phases of establishing this culture, emphasizes that all children choose at least two activities as propellers towards mental, emotional and physical growth.

Students can choose to join any of our various in-house clubs for personality development and hobby exploration for lifelong learning and commitment to one's inner needs.

Our emphasis is on empowering students with a complete understanding by following existing practices of NEP 2020 and then refining these with their own views, opinions and creative inputs.

The School offers diverse streams for students to choose from

Science

English Core, Physics, Chemistry.

Commerce

English Core, Business Studies, Accountancy.

Humanities

English Core, History, Political Science.

Optional

Maths, Physical Education, Computer Science, Biology, Economics, Painting, Vocal Music and Artificial Intelligence.

There are club opportunities with in-house resources for

IT

YOGA

HEALTH & WELNESS

OUR COMMITMENT

"Desire is the key to motivation, but it's determination and commitment to an unrelenting pursuit of your goal a commitment to excellence that will enable you to attain the success you seek." - **MARIO ANDRETTI**

"The Education imparted at SAMSARA THE WORLD ACADEMY is a shared commitment between dedicated teachers, motivated students and enthusiastic management with high expectations. We have created an institution that provides a thinking foundation for life and a never ceasing love for learning.

All five sections of SAMSARA THE WORLD ACADEMY are working together in unison to achieve the goals of our specially developed curriculum based on NEP 2020, along with the school Management, Principal, Educators and Students.

With the above as a commitment, we state that our policies and decisions are fair and progressive.

SAFETY GUIDELINES

GENERAL RULES

- All the school activities for the current session are mentioned in the School Calendar. Please look through it for all updates and upcoming events.
- Our Friday Circular comprises of all important points. Please go through each point for further reinforcement.
- Identity Card (ID Card) is mandatory for every student.
- It is mandatory for parents/guardians to bring a 'Collection Card' always when they come to collect the ward at dispersal time or during school hours.
- House Uniform is mandatory on every Wednesday and Saturday for the students of Grade 1 to12.
- Please be considerate and attend every P.T.M (Parent-Teacher-Meet) without failure.
- Pick up school phone calls as school authorities call only in cases of emergency or when it is unavoidable.
- Don't send your ward to school when he/she is sick.
- It is mandatory to submit a Transfer Certificate, Medical Certificate, Report Card and Aadhar Card's copy and Valid Address Proof at the time of admission.
- The monthly fee will be deposited in ICICI Bank or online transaction on all working days. No cash is accepted.
- The School gate will open at a fixed time in summer -8:10 A.M. and closes at 2:30 P.M. for classes 1 to 12 and at 1:10 P.M. for classes Balvatika 1 to Balvatika 3 due to security reasons.
- Kindly send tiffin, water bottles, sanitizer etc. along with the children. Lunch boxes, water bottles or any eatables are not allowed once the child enters the school premises.
- Entry of parents in the school corridors and towards the classrooms is prohibited. Kindly adhere to it.
- Parents will be allowed in the school premises only if they carry the collection card of their ward.
- Please pay the school fee by the 10th of every month to avoid inconvenience.
- The name of the child will be struck off if the fee is overdue for three months/no attendance for 03 consecutive months/not appeared in internal exam falling in these consecutive 3 months.
- Kindly buy text books, stationery and uniform from the open market. School does not have such facilities in the campus.
- It is mandatory for the children to submit leave application before hand. Kindly e-mail the leave application to the concerned teacher and to the school email address in case of emergency.
- Leave will not be granted for any reason during the examination. In case of medical issues, it is necessary to appear in the retest after submitting the medical certificate. On failure a re-test will not be conducted further.
- Parents are requested to adhere to the meeting days/time with the Principal - Tuesday and Saturday from 12 noon to 2 p.m. ONLY and to meet teachers and admin a prior appointment to be taken from the concerned person.
- Loitering around the school campus after the school hours is strictly prohibited. Kindly keep a check on your ward and ask them to get back straight home after the school gets over.
- No mobile phones are allowed in the school. If any student is caught carrying a mobile phone during surprise checks, it will be taken away and will only be returned at the end of the academic session.
- Facebook/Whatsapp /Twitter/Instagram or any other social media sites are not to be accessed by the children. Please have a close vigil. Parental guidance is needed at all times.
- Parents are requested to cooperate with the guards at the main gate when they ask for Collection/ID cards. Please, respect the school rules as they are implemented for the safety and security of your children.
- Parents are requested to have a candid interaction with their child/children regularly. It is very important to maintain healthy and friendly relations with children and to get updated about their day-to-day activities and environment.

SAFETY GUIDELINES

TRANSPORT RULES

- The School will not be responsible for any mishappening if you avail private transport for plying the child.
- Please follow the traffic rules and drive on the right side of the road to avoid any mishap.
- It has been observed that the parents are using the wrong gate to drop off their wards. Walkers will use only Gate no. 2. Gate no.1 is strictly meant for school transport.
- An advisory to the parents who are sending their wards in private vehicles:
  - ✓ Please have a close contact with the drivers.
  - ✓ Take their alternative mobile numbers. Also, share your mobile numbers with them.
  - ✓ Check the vehicle's fitness.
  - ✓ The vehicle must have a first-aid box and a fire extinguisher (if it runs on CNG).
  - ✓ Check the speed at which they drive.
  - ✓ Ask/demand for police verification of the driver and the helper.
  - ✓ Request them to have a lady helper (maid) with them when the children are in the vehicle .
  - ✓ Check the code of conduct of the drivers.
  - ✓ Be very firm that they should follow the traffic rules.
- Students are not allowed to come to school riding a two-wheeler or driving a four wheeler. If any student will be seen doing so, the vehicle's keys will be confiscated and will be given to the nearest police station.
- The Rider and the co-rider must wear helmets as there are serious hazards of not wearing one while riding the vehicle. Kindly adhere to the traffic rules at all given times.

Samsara is always open to suggestions and feedback from parents. Please feel free to call us or drop us a message sharing your thoughts.
